2021 | FIRST QUARTER

## — 2021 FIRST QUARTER —

**BIOACTIVE.  
THE BETTER CHOICE.**

Bioactive Giomer Technology features a specially engineered filler particle that allows Shofu's restorative products to have clinically proven, long-term bioactive, and therapeutic properties. These healthful properties are unavailable in other restorative materials, including anti-bacterial, anti-plaque effect, acid neutralization, fluoride release and recharge, and more. An independent eight-year clinical research study displayed a 100% retention rate, intact aesthetics, no secondary caries, no failures, and no post-operative sensitivity.
